  - Sponsored AR Filter Development for Netflix:** Directed the design and implementation of a sponsored AR filter for Netflix, employing HTML, CSS, and JavaScript and Successfully delivered the project within a strict timeline.
- NULLCLASS**  
*Web Developer Intern (Internship)*  
Remote  
June 5 2023 - July 20 2023
  - Development of StackOverflow clone:** Developed a Stack Overflow clone utilizing the MERN stack, integrating essential functionalities across a total of 6 pages. This includes a login/sign-up page, a user-friendly interface for seamless question and answer posting, as well as dedicated user and tag pages.
  - Enhanced User Experience with Integrated Chatbot:** Enhanced user experience significantly by integrating a programming-related chatbot for real-time assistance.

## PROJECTS

- PORTFOLIO :- Space Theme React.js Website:** Crafted a visually stunning portfolio website on a space theme using React.js. Showcasing professional achievements, skills, projects, education, testimonials, and contact information in a captivating manner.
- URBAN ELEGANCE :- MERN Stack E-commerce Website(ongoing):** Orchestrated Urban Elegance, a robust e-commerce platform leveraging the MERN stack. Implemented user and admin dashboards, a secure payment gateway, and an order tracking system for a seamless user experience.
- STACK-OVERFLOW CLONE :- Knowledge Sharing Platform:** Built a feature-rich Stack Overflow clone website using the MERN stack, providing a seamless platform for knowledge sharing and community interaction. Integrated chatbot functionalities to handle programming-related questions and enhance user experience.
- SAVORY HEAVEN: Revolutionizing Food Delivery with MERN Stack(ongoing):** Created Savory Heaven, an innovative food ordering application harnessing the power of the MERN stack. Seamlessly integrating user-friendly interfaces, real-time order tracking, and secure payment gateways, Savory Heaven redefines convenience in culinary experiences, ensuring a savory journey from selection to delivery.

## CERTIFICATIONS

- Accelerated Computer Science Fundamentals  
Jan 2 2023
- Mathematics For Machine Learning  
Feb 3 2023
- Mastering Data structures Algorithms Using C and C++  
July 20 2022
- Google Digital Garage Certification  
May 5 2021.

## ACHIEVEMENTS

- Solved 400+ DSA Problems on Different Platforms ex - Leetcode, Geeks for Geeks, codestudio
- 2 \* @Codechef
- Participated in Spark Ar Hackathon among 10k participants and win Certificates & Goodies
